To Whom It May Concern:

I have known Mr. David Rosenblatt, and have been a client of his firm for many years. I would not consider tackling any immigration matter for our company, without their involvement and their counsel.

Rosenblatt Associates have helped me on numerous occasions to bring skilled workers to Canada, both as temporary consultants (with work permits) and as long-term employees with intention to gaining landed immigrant status.

Rosenblatt Associates offers us a comprehensive range of services, and I find them to be always extremely reliable, capable and well connected. I can recommend them without hesitation as the best immigration firm I know.

Sincerely yours,

Michael E. Remenyi
